*Let's make your
day last forever...*

My Approach

I have a very relaxed, documentary approach to photography. Disappearing into the background enables me to capture moments, undetected, telling the story of your day exactly as it was.

No stiff poses or forced moments. You'll barely notice me!

Looking back in weeks, months and years, when the cake has long been eaten and the flowers have died, these photos will bring it all back for you. It's an absolute privilege to do this for my couples.

What do you receive?

Beautiful, authentic images of your day

Vibrant, contemporary editing on all photos

High quality photos delivered on wooden USB

A wooden box with a selection of high quality prints

A relaxed, helpful and passionate photographer

“Holly has the most wonderful style and ease with her photography. She is normally based in Devon, but having covered my sister’s wedding, my husband and I hoped she would cover ours in London – and she did!

I look back and smile every time I look at our photos, as she has captured those funny, emotional, intimate moments that make a wedding day so special.

She was a pleasure to have at the wedding, and I wouldn’t hesitate in recommending her to anyone getting married!

Our wedding album is utterly gorgeous, and beautifully presented. So happy with it and all her effort!”

High quality digital photos of your wedding, which you can use for printing, are delivered on a wooden USB.

“Holly is an absolutely fabulous photographer, who blended into our wedding day perfectly.

She captured numerous stunning candid moments from our day, which is exactly what we wanted, along with beautiful formal images.

We would recommend her wholeheartedly (and have) to anyone who will listen. She is an incredible and a passionate artist, who can bring light and colour which is invisible to the rest of us. Plus she can makes everyone stunning!

Her images are so fresh, beautiful, bright and colourful on her website. Every wedding party looks stunning, and you think “We want to look that beautiful too, damn it!” but of course, you worry – as everyone does – that she won’t be able to do it for you... Then you meet her, and her quiet confidence communicates “Trust me, I can” and you do... and she does!”

Frequently Asked Questions

We'd like to book you, what happens now?

Yay! I require a contract (super simple to sign online) and a £400 non-refundable retainer to secure your date. The remaining balance is split between 2 payments 6 & 1 months before the wedding.

How long 'til we get our photos?

As I hand edit each photo, I aim to have them with you in 4 to 6 weeks (& to keep you going I can post previews on Facebook)

Can we print the photos?

Absolutely! You have a perpetual print license. But don't forget, the pro labs I use produce better colours, sharpness and quality, showing off your photos to their absolute best!

How far do you travel?

I'd go anywhere for you! Great distances will incur a petrol fee, this will be discussed at the time of your booking.

What happens before our wedding?

When your day approaches, we will discuss the timeline of your day and what photos are important to you. This preparation means the day goes smoothly and nothing is missed!
